Phone usage and Wi-Fi

Students are not allowed to be on their phones during activities throughout most of the day, but will have free time in the evenings when they can use them. If a student is on their phone when they aren't supposed to, they will be given a warning. If caught on it again, the phone can be taken by an adult and given back that night during free time. This is not meant to punish the students, but to ensure that we are all in and present on the work site, in devotionals, and the trip as a whole. Taking pictures, looking up Bible passages, or other on task uses of a phone are, of course, allowed. Should you need to get in touch with your student, contact Pastor Chris or any of the adult drivers listed above if he can't be reached. There is Wi-fi at the church that students can use.
